TAPESTRY
ONLINE LEARNING JOURNAL

Charlotte Rose

EYFS Phase Leader

Tapestry Key Updates

- We have already started creating observations for your children, adding WOW moments throughout their learning journey.
- We have no expectation of how many observations you will receive, we want to focus on quality interactions with your children.
- We will be using the feed to communicate key messages from the school day.

What Does It Look Like?

Notes

[redacted] enjoyed building a house for the superheroes. They were discussing how they needed the bigger bricks at the bottom to make it more sturdy and what the different shapes were that were being used. They worked together extremely well to problem solve and communicate.

Next Steps

- Later today, I will be adding all parents to their child's linked account.
- Please expect an email to come through to your registered account.

What we need from you?

Please scan the following QR code which will take you directly to the consent form.

*We would ask you to complete by Friday
25th November.*

Welcome to Bright Talk

Click on the logo **in full screen** to begin the animation or use the link

Talk is important for language and brain development.

*“Parents can have **considerable influence** over their children’s **language and brain development ...***

*... by simply **engaging them in conversation.**”*

Dr Rachel Romeo, Harvard and MIT

Talk is also essential to human development and relationships.

*‘Talking and listening to children does lots of important things. It **improves your bond with them**, and encourages them to listen to you.*

*It **helps them to form relationships and to build self-esteem.***

Healthy Families

Bright Talk – its all about talk!

Great Conversations
- Foundation programme

Bright Talk

- A programme based on talking.
- Develops learning skills by enriching conversations at home.
- No extra skills or resources needed.
- Designed to fit alongside the busy life of a parent or caregiver.

Bright Talk has been designed to work for anyone, anywhere and in any language.

Anyone

Anywhere

Any language

Bright Talk does not need specific knowledge or resources and caregivers can use the language that they are most comfortable in.

The foundation programme - Great Conversations - introduces four techniques.

The techniques are based on outstanding primary practice and are effective for developing thinking and learning skills.

The techniques are introduced and practiced through everyday conversations.

Starting conversations

Morning
What are you going to do today?

Evening
What was the best part of your day?

www.brighttalk.org.uk

Listening

Shut your eyes.
What sounds can you hear?

- What is making the sounds?
- Which sounds do you like?

www.brighttalk.org.uk

Talking and doing

Preparing a meal

- Talk aloud about what you are doing, "First I am going to ..."
- Ask "What do you think I need to do next ...?"

www.brighttalk.org.uk

Storytelling

Tell a story about where you lived when you were a child.

- Talk about what it was like.
- Who lived with you?
- What did you do?

www.brighttalk.org.uk

How Bright Talk will work at Perivale

- We will be initially trialling this new programme within Reception.
- Although the programme is designed to promote communication in families, we will be completing some of the activities within the classroom as well.

What next?

- You will receive a letter from school, providing more information about the programme.
- Following on from this, we will be posting the activities to Tapestry, whereby we will ask you to share and comment that you have received.
- We will then set a start date for the activities to start being shared amongst you!

Any Questions...?
